## About Me

Passionate and detail-oriented **Software Developer** with expertise in **Front-End, Back-End, and Mobile Development**. Experienced in building **scalable, high-performance web and mobile applications** using **React, React Native, Node.js, and TypeScript**. Strong problem-solving skills with a keen eye for **clean code, modular architecture, and optimized performance**.

A proactive **team player** with excellent **communication skills**, able to collaborate effectively in **Agile environments**. Continuously learning and adapting to new technologies, aiming to deliver user-centric and innovative solutions. Skilled in **state management (Redux, Context API)**, API integrations, and modern testing practices (**Jest, React Testing Library**). Excited to take on new challenges and contribute to impactful projects in a dynamic and fast-paced environment.

## Education

- Bachelor's Degree, ELT** Jan 2004 - Jan 2008  
Çanakkale Onsekiz Mart University
- IT Support Specialist, Information Technology** Oct 2022 - May 2023  
INCO Academy
- Software Development** Jan 2023 - Oct 2023  
Sweden

## Employment & Experience

- React || React Native || Nodejs Developer** Jan 2024  
Didiyos
  - Front-End Development**  
Developed dynamic and responsive **React applications** using **Redux and TypeScript**, improving performance and maintainability.
  - Back-End Development**  
Designed and implemented **RESTful APIs** using **Node.js and Express.js**, ensuring secure and scalable backend solutions. Managed databases with **MongoDB and SQL**, optimizing queries and indexing for faster data retrieval.
  - Mobile Development**  
Built and deployed cross-platform **React Native** applications with **Redux and Firebase** for state management and real-time updates.

- Language Teacher** Aug 2008 - Sep 2018  
Public Schools Ministry of Education
